

12th Annual Wooden Boat Show & Summer Solstice Festival
- June 19-21, 2009 -
Waterfront Wooden Boat Display – Friday, Saturday, Sunday
DISPLAY ENTRY FORM

member supported - volunteer hosted

2009 Display Space Information

Owners of all types of wooden boats, novice or professional boat-builders, artisans of boat building related crafts, etc. are welcome to bring their craft(s) to display during the weekend. The Waterfront Wooden Boat Display is a great opportunity for boat builders and wooden boat enthusiasts and owners to gather and share insight about their watercraft.

Boats may be displayed throughout the entire weekend. All boats must be checked in no later than 9am on Saturday. Space is limited so boats are **encouraged to check-in as early as Friday at 9am** and should remain on display through Sunday at 3pm. If you must check out earlier than Sunday, please make arrangements with Program Director.

A small registration fee of \$15 must be paid upon registration. Your fee includes one admission to Sunday's Steam Bent Brunch – please return this form promptly to ensure your brunch reservation. Friends and family are responsible for their own reservation. Your registration also includes participation in the Wooden Boat Parade to take place on the Grand Marais harbor 2pm.

Professional builders should note that the intent of the Boat Show is to celebrate the craft of wooden boat building. While boat building "services" may be presented during the show, the sale of boats/paddles on campus is only allowed if done as a consignment sale during the Boats-To-Tools Auction (please contact Program Director for arrangements).

Indoor space during the Wooden Boat Show is limited to programs and demonstrations. Accordingly, display space is limited to boats displayed outdoors. Boat owners are encouraged to bring saw horses, boat cradles and display stands as well preferred method for securing the boats overnight. Under certain conditions, boats may be stored indoors overnight - but not guaranteed. There is limited space for on-campus display of boats **so register early** to reserve your space!

Four different categories have been created to recognize the variety and variability of wooden boat building. Boat owners will be recognized in each category at the Steam Bent Pancake Brunch on Sunday. These simple categories are intended to celebrate the energy and effort invested in wooden boats by many people. No individual will be recognized more than one year in a given category. The four categories are:

Boat From Afar – goes to the boat owner bringing a wooden boat to the show from the greatest distance

Oldest Restored Boat – goes to a miracle worker (no doubt), breathing life into an old-time classic

Longest Distance – goes to the individual who's used their boat on a single adventure to clock the most nautical miles

North House Alumni - goes to any boat owner that's spent time in North House's shop restoring or building the boat on display

Please fill out additional display information form (on reverse). This information will be used to identify each boat to the public and printed on a display card that is attached to your boat throughout the event.

I read the above registration information and register the boat(s) listed on backside for display at the North House Folk School's Wooden Boat Show. I authorize North House to utilize photographs of my vessel for marketing and communications purposes. I will not hold North House Folk School liable for any damages done to my registered boat or for stolen property that results from my participating in this event.
