Wooden Boat Harbor Tour,

SUNDAYS: June 30-Sept 1 | 2pm-4 pm
\$10/person, limited to 4 participants
There's nothing like experiencing the Grand
Marais harbor from the vantage point of a
small wooden boat. Learn to row the batteau
(ba-TOW), a traditional workboat used in the
harbor throughout the lumber era in north-
ern Minnesota. On board, you'll use your
own muscle power (and oars!) to make the
boat go, as you explore the history, geology
and ecology of the Grand Marais harbor.
