

BUILDING for COMMUNITY

► *the final push*

What have we accomplished in the past four years as part of North House's "Raise The Roof" capital campaign? With your help we have raised almost \$1 million of capital support for our campus improvement efforts. We have used every dollar with as much purpose and care as possible. The impact has been nothing short of dramatic:

- Expanded woodworking and boat building space in our new milling shop
- Lofted living space for our expanded internship program
- A larger, enclosed blacksmith shop that can be used year round

- A teaching kitchen with commercial-grade fixtures for foods coursework
- A teaching kitchen with commercial-grade fixtures for foods coursework
- And now the creation of a unifying, lake-friendly space in the Student Commons

Campus has become an evermore inspiring destination for students and for our community. Now, even as the construction pushes towards completion in summer 2012, the fundraising effort continues. Securing the final \$75,000 of funding is essential. A \$20,000 challenge match is in place to move us forward. The match ensures that each dollar invest is doubled.

What will your involvement accomplish? \$250 plants a perennial garden; \$500 plants two trees on campus; \$1000 builds a timbered bench; \$2500 shingles the Blue Building's timbered entryway; \$5000 lays paving bricks by the campus entry. Will you help us with the final push? Participation at any level is welcome.
